Laborer for the Department of Utilities, City of Gloucester

The Department of Utilities is looking for a Full-Time Laborer, for a 40-hour week (7:30 am-3:30pm) with occasional overtime and after hours on-call duty. The successful applicant will be required to perform (on a consistent basis) a variety of semi-skilled tasks in constructing, maintaining and repairing the various Utility systems of the Department, including but not limited to: water main repair, valve exercising, fire hydrant flushing, street repairs, inlet repairs, wastewater lift stations and repairs to the water treatment plant. Also other assigned duties as may be assigned, consistent with this position. The successful applicant shall have a minimum of a High School diploma, shall be a Licensed Driver in the State of New Jersey, shall possess a NJ CDL Driver's License (Class B, minimum) or be able to obtain such within 6 months of appointment. It is anticipated that the successful respondent will attend school with the goal of achieving licensure to operate the various Utility systems operated by the Department. Must work harmoniously with others. The City of Gloucester is an Equal Opportunity Employer. Applications may be picked up at City Hall, office of the Municipal Clerk or available online at www.cityofgloucester.org

Send your completed application to Jack Lipsett, City Administrator, 512 Monmouth St., Gloucester City, NJ 08030. All applications must be received by June 29,2019 to be considered.
